MUELLER

HYMAX® Pro dedicated size coupling is a safer and easier solution for joining plain-end of steel, galvanized, PVC, ductile iron, and other pipe materials, of the same size, all without welding and/or special pipe fittings. This solution conforms to AWWA C219, NSF 61 and NSF 372 standards for contact with drinking water.

NOMINAL PIPE SIZE
4" - 10"

NOMINAL PIPE SIZE
12" - 24"

THE HYMAX PRO FAMILY FEATURES

FAST AND EASY INSTALLATION

- Lightweight construction enables fast and easy installation, with minimum manpower, reducing time in the ditch and improving worker safety.
- Unique top-facing bolts enable easy installation access.
- Ready-to-use, stab-on design eliminates the need for extensive under-pipe digging and work.

MULTIPLE APPLICATIONS

- All products accommodate a variety of pipe materials: ductile iron, cast iron, steel, PE, PVC, and AC
- One single product can connect pipes of two different materials with the same outside diameter.

FLEXIBLE CONNECTION

- Allows for up to 4° angular deflection on each end, during installation as well as for misaligned pipes.
- Absorbs post-installation dynamic pipe deflection of up to 4° on each end, reducing the risk of damage and cracking due to ground shifts and temperature changes.
- Adapts to out-of-round pipe shape (up to 0.08"), for optimum fit on both ends.

HIGH DURABILITY

- High-quality sealing solution and self-inflated gasket using water pressure.
- Fusion-bonded epoxy coating prevents corrosion.
- Nuts, bolts and other components are made of stainless steel.
- Innovative radial closing design and sealing systems reduces installation errors.
- Advanced molecular anti-galling (MAG) on nuts and bolts, prevents galling and enables repeated bolt tightening; it also eliminates the need for grease, preventing dust and dirt build-up.

EXTRA PEACE OF MIND

- Up to five years product warranty when the product is registered on the HYMAX Asset Installer mobile application*

ADDRESSING A WIDE RANGE OF PIPE TYPES

HYMAX PRO IS BASED ON THE ORIGINAL GAME-CHANGING HYMAX THAT HAS BEEN FIELD-PROVEN IN MILLIONS OF INSTALLATIONS AROUND THE WORLD.

- Only 2 or 4 top-facing bolts for faster, easier, safer installation
- Dynamic deflection of 4° per side – reducing future pipe damage
- Designed for IPS and DIPS pipe sizes
- Suitable for ductile iron, steel, PVC, HDPE, class A and B cast iron, asbestos cement pipe material

About HYMAX®

HYMAX, a Mueller brand, develops, designs, and manufactures market-leading products for repairing and connecting different types of pipes for both potable water and sewage. In more than 160 years of combined industry leadership with Mueller, and millions of installations worldwide, HYMAX has earned solid reputations for providing innovative, high-quality products, that meet installers' field needs.

HYMAX offers a full line of solutions, including standard products that range from 1.5" to 85" and custom-made products according to customers' requirements. The wide-range coupling introduced unprecedented ease of use, with a radial closing mechanism of only 2 - 4 top-facing bolts, enabling faster and safer installation.

Our company is built by industry experts with extensive field experience. Therefore, we can better understand the challenges of the installer and provide real solutions. The HYMAX product line saves costs by reducing inventory and providing long lasting value. Offering extreme durability and outstanding connection flexibility, these products prevent future pipe damage, delivering long-lasting value.
