

# HYMAX<sup>®</sup> Pro Dedicated Size Coupling

This new line of pipe couplings is a safer and easier solution for joining plain-end, steel, galvanized, PVC, ductile iron, and other pipe material of the same size, all without welding and/or special pipe fittings.

## Overview

Only two or four top-facing bolts reduces labor costs and improved safety

Fusion-bonded epoxy coating and stainless-steel hardware are built into the standard product specifications without added cost

Stab-fit installation saves time and reduces installation errors

## Key Benefits

- **Designed with standard epoxy coating and stainless-steel hardware** made affordable to utilities of all sizes
- **Save time and reduces labor costs** with a lighter weight product that is easier to handle
- **Faster and easier installations** with a two-bolt, stab-fit design that does not require disassembly and reassembly during installation
- **Engineered with stainless steel hardware** for enhanced corrosion protection and up to 4° degrees dynamic deflection for system longevity
- **Well suited for multiple industries** i.e., New Construction, Penstocks, Irrigation, and Industrial
- **Extra peace of mind** of up to 5 years warranty upon successful product registration with HYMAX Asset Installer application.
